Through the project

MYWEBSPORT WORLD ASSOCIATION next 100

(MWA next 100)

clubs have the possibility to install MYWEBSPORT with an initial investment of 2,000 Euro and even to make money for their club account. At best over 10,000 Euro per year.

TIP:

The members of the club provide the pre-financing of MYWEBSPORT for their own club and profit by a return of at least 3%.

The goal of the project is the commissioning of the next 100 systems until end of 2018. After completion of the project approximately 5,000 players will take part regularly in the international events of the MWA and about 20,000 spectators will follow the games and trainings.

For the realization of the project, investors make the money available for 100 MYWEBSPORT systems. In principle, any interested club can make a request. Finally, the investor decides, together with the management of MYWEBSPORT, which interested clubs meet the criteria for taking part in the project.
